

LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENTS CITY OF CAPE CORAL

The Council staff has reviewed the proposed evaluation and appraisal based amendments to the City of Cape Coral Comprehensive Plan (DEO 17-1ESR). These amendments were developed under the Local Government Comprehensive Planning and Land Development Regulation Act. A synopsis of the requirements of the Act and Council responsibilities is provided as Attachment I. Comments are provided in Attachment II.

Staff review of the proposed amendments was based on whether they were likely to be of regional concern. This was determined through assessment of the following factors:

1. Location--in or near a regional resource or regional activity center, such that it impacts the regional resource or facility; on or within one mile of a county boundary; generally applied to sites of five acres or more; size alone is not necessarily a determinant of regional significance;
2. Magnitude--equal to or greater than the threshold for a Development of Regional Impact of the same type (a DRI-related amendment is considered regionally significant); and
3. Character--of a unique type or use, a use of regional significance, or a change in the local comprehensive plan that could be applied throughout the local jurisdiction; updates, editorial revisions, etc. are not regionally significant.

A summary of the results of the review follows:

	Factors of Regional Significance			
<u>Proposed Amendment</u>	<u>Location</u>	<u>Magnitude</u>	<u>Character</u>	<u>Consistent</u>
DEO 17-1ESR	No	No	No	(1) Not Regionally Significant (2) Consistent with SRPP

All local governments in Southwest Florida have adopted revised plans:

Collier County, Everglades City, Marco Island, Naples

Glades County, Moore Haven

Hendry County, Clewiston, LaBelle

Lee County, Bonita Springs, Cape Coral, Fort Myers, Fort Myers Beach, Sanibel

Sarasota County, Longboat Key, North Port, Sarasota, Venice

COMPREHENSIVE PLAN AMENDMENTS

A local government may amend its plan at any time during the calendar year. Six copies of the amendment are sent to the Department of Economic Opportunity (DEO) for review. A copy is also sent to the Regional Planning Council, the Water Management District, the Florida Department of Transportation, and the Florida Department of Environmental Protection.

The proposed amendments will be reviewed by DEO in two situations. In the first, there must be a written request to DEO. The request for review must be received within forty-five days after transmittal of the proposed amendment. Reviews can be requested by one of the following:

- the local government that transmits the amendment,
- the regional planning council, or
- an affected person.

In the second situation, DEO can decide to review the proposed amendment without a request. In that case, DEO must give notice within thirty days of transmittal.

Within five working days after deciding to conduct a review, DEO may forward copies to various reviewing agencies, including the Regional Planning Council.

Regional Planning Council Review

The Regional Planning Council must submit its comments in writing within thirty days of receipt of the proposed amendment from DEO. It must specify any objections and may make recommendations for changes. The review of the proposed amendment by the Regional Planning Council must be limited to "effects on regional resources or facilities identified in the Strategic Regional Policy Plan and extra-jurisdictional impacts which would be inconsistent with the comprehensive plan of the affected local government".

After receipt of comments from the Regional Planning Council and other reviewing agencies, DEO has thirty days to conduct its own review and determine compliance with state law. Within that thirty-day period, DEO transmits its written comments to the local government.

NOTE: THE ABOVE IS A SIMPLIFIED VERSION OF THE LAW. REFER TO THE STATUTE (CH. 163, FS) FOR DETAILS.

CITY OF CAPE CORAL COMPREHENSIVE PLAN AMENDMENT (DEO 17-1ESR)

RECEIVED: FEBRUARY 10, 2017

Summary of Proposed Amendment

The primary purpose of Cape Coral DEO 17-1ESR is to amend the City's Future Land Use Element Policy 1.15.n, the Commercial Activity Center (CAC) Future Land Use Map classification. The purpose of these revisions is to improve development flexibility within the CAC.

The amendments would allow for the development of duplex and multi-family residential uses in the CAC on detached properties. The maximum density of these properties would be 16 units per acre. Detached properties are those that share specific features that constitute obstacles to non-residential development, such as physical or topographical constraints, significant residential development patterns in the vicinity, relatively small property area, and lack of viable access to collector or arterial roads. These criteria shall be defined in the Land Use and Development Regulations.

This amendment would also eliminate the requirement for all development projects to be approved through the PDP process within the CAC. A list of factors to be considered during reviews of rezoning petitions is also eliminated.

Regional Impacts

Council staff has reviewed the requested changes and finds that the requested Comprehensive Plan amendments do not directly produce any significant regional impacts that would be inconsistent with the Comprehensive Plan of any other local government within the region.

Extra-Jurisdictional Impacts

Council staff has reviewed the requested changes and finds that the requested Comprehensive Plan amendments do not directly produce any significant extra-jurisdictional impacts that would be inconsistent with the Comprehensive Plan of any other local government within the region.

Conclusion

No adverse effects on regional resources or facilities and no extra-jurisdictional impacts have been identified. Staff finds that this project is not regionally significant.
