AIRPORT ACTIVITY

Airport passenger activity for the Southwest Florida Region increased 7.6% in January 2006 from December 2005. Airport passengers visiting and leaving the region totaled 852,492 as compared to 792,110 in the previous month. Naples had the largest increase in passenger activity from the previous month at 32.3%.

Total airport activity for the region for January 2006 increased 7.6% from January 2005. Naples airport reported a decrease in passenger activity from the previous year.

BUILDING PERMITS

Residential building activity is measured by the number of single-family and multi-family building permits issued during a given month. 3,016 residential permits were issued in Southwest Florida in January 2006. This is 519 more permits than were issued in January 2005. The number of *units* covered by these permits increased by 845 from 3,401 in January 2005 to 4,246 in January 2006. Compared with the figures reported for December 2005, the number of units for January 2006 increased by 375. From December 2005 to January 2006, permits issued increased by 536.

The region reported a residential building valuation of \$475,521,443 in January 2006. This is an increase of 2.4% compared to the valuation of residential permits issued in January 2005, which totalled \$487,197,235.

SALES ACTIVITY

Sales activity in Southwest Florida is measured by gross and taxable sales for each county. For November 2005, gross and taxable sales in the region totaled approximately \$3.6 billion and \$2.1 billion, respectively. This is a 9.4% decrease in gross sales and a 3.5% decrease in taxable sales from October 2005. All counties reported a decrease in taxable and gross sales this month as compared to October 2005, except Hendry for taxable and Charlotte for both taxable and gross sales.

Gross sales in the region between November 2004 and November 2005 increased 3.6%. Taxable sales decreased 2.9% during the same period. By incorporating the change in the cost of living (3.5%) and the average annual population growth rate (3.7%) for the same time period, real gross sales decreased 3.5% on a per capita basis. Real taxable sales decreased 10.3%.

2005: THE YEAR IN REVIEW

Southwest Florida’s economy experienced strong growth in 2005. As in 2004, the region showed continued increases in the areas of building permits, sales, and employment

LABOR FORCE, EMPLOYMENT AND UNEMPLOYMENT The labor force in Southwest Florida increased by more than 55,804 persons or 9.5% in 2005. Unemployment continued to decline in three counties while Lee and Sarasota stayed the same. As in 2004, the coastal counties again had low unemployment rates, while the rural counties of Glades and Hendry had high rates of unemployment that exceeded the state level. As a whole, however, the regional unemployment rate was below the state figure for the year.

AIRPORT PASSENGERS The number of airline passengers using the Region’s airports increased this past year. During 2005, Southwest Florida International Airport experienced a 11.6% increase while Sarasota/Bradenton Airport and Naples reported a increase of 18.1% and 275.8%. As in the past years, passenger traffic peaked in the month of March, with more than 1,199,012 people traveling through Southwest Florida’s airports.

BUILDING PERMITS The construction industry, a major sector of the Southwest Florida economy, recorded another annual increase in the number of building permits issued last year. Based on reports received, the region as a whole experienced a 29.8% increase in the number of single family permits issued and a 25.6% increase in the number of multi-family permits issued in 2005. The number of multi-family units increased 8.0% from 2004 to 2005. Overall, total permits reported (single family plus multi-family permits) for the region increased by 29.5%. Please note in supporting tables the communities with incomplete information.

The value of all reported residential permits increased 45.8% from \$5.8 billion in 2004 to \$8.5 billion in 2005. The total value of all reported permit activity increased 46.1% from \$8.7 billion in 2004 to \$12.7 billion in 2005.

SALES ACTIVITY Regional gross and taxable sales increased in 2005. Gross sales increased 15.8%, from \$41.8 billion in 2004 to \$48.4 billion in 2005. Taxable sales totaled \$28.7 billion in 2005, an increase of 15.1% over 2004 taxable sales of \$24.9 billion. Typically, the winter and spring month of December through May register the highest gross taxable sales. As in past years, April was the peak month, with taxable sales of \$2.9 billion and April was the peak month, with gross sales of \$4.8 billion.

CONSUMER PRICE INDEX The Consumer Price Index measures the cost of items in several specific categories and is used as an indicator of the general rate of inflation through time. From 2004 to 2005, the Consumer Price Index for All Urban Consumers, of the CPI-U, rose from 188.9 to 195.3.

Note: Building Department Data submitted on behalf of the City of Fort Myers from May 2004 to present has a discrepancy with number of units, all other data is valid.

CONSUMER PRICE INDEX

The Consumer Price Index (CPI-U) for all urban consumers measures the cost of items in several specific categories and is used as an indicator of the general rate of inflation through time. The CPI-U during January 2006 increased 0.8% from December 2005. The CPI-U for January 2006 was 198.3 an increase of 4.0% from January 2005.
