AGENDA ITEM #1

Invocation

There was no member who wished to give an invocation.

AGENDA ITEM #2

Call to Order & Introductions

Chairman Porter called the meeting to order at 9:30 a.m. Each member was asked to introduce themselves.

AGENDA ITEM #3

Pledge of Allegiance

Chairman Porter led the pledge of allegiance.

AGENDA ITEM #4

Minutes of the February 28, 2019 Meeting

Chairman Porter entertained a motion to accept the draft LEPC meeting minutes of the February 28, 2019 meeting.

A motion was made by Chief Davis to approve the minutes of the December 6, 2018 LEPC meeting as presented and was seconded by Mr. Kerkering. The motion passed unanimously.

AGENDA ITEM #5

LEPC Membership

There were no changes made to the LEPC membership this quarter.

AGENDA ITEM #6

LEPC Meeting Schedule & Locations

Mr. Kammerer announced that the next round of State meetings (TTF, LEPC, and SERC) will take place on July 18-19 at the Sarasota Hyatt. The next SWF LEPC meeting is scheduled for August 22. Mr. Kammerer asked for a volunteer to host the next meeting. There were no volunteers, so Mr. Kammerer has scheduled the meeting to occur at the Southwest Florida Regional Planning Council (1400 Colonial Blvd, Suite 1, Fort Myers, FL 33907).

AGENDA ITEM #7
LEPC Contract / FY19-20 Planning Project

Mr. Kammerer handed out language from a draft of next year's LEPC contract, specifically the requirements for Task 7: Hazmat Exercise. The draft has two options: Option 1: Conduct one Hazmat exercise or two tabletop exercises, Option 2: Full participation in two Hazmat Exercises or tabletops. This is a more stringent requirement than last year (simply assistance / participation in a Hazmat exercise or tabletop). Mr. Kammerer asked the LEPC membership to think about exercises they may want on the future.

Captain Wilkins and Chief Marshall confirmed that this requirement will be met by a Sarasota County Exercise in FY19-20. Planning will begin in October, when the next LEPC grant year begins. The plan is for the exercise to take place in January. This will be a regional exercise.

AGENDA ITEM #8
2019 LEPC HazMat Plan Update

Mr. Kammerer explained that a draft of the 2019 LEPC HazMat Plan was in the February 2019 packet and he asked for comments / revisions to the plan at that meeting. Mr. Kammerer made all the changes requested and added the updated version to the May 2019 packet for LEPC membership approval.

A motion was made by Captain Wilkins to approve the 2019 SWF LEPC HazMat Plan Update as presented and was seconded by Chief Davis. The motion passed unanimously.

Chief Marshall asked Mr. Kammerer to see if bringing a third-party to review SWF's Hazmat Plan would be eligible for the LEPC's FY2020-21 Planning Project.

AGENDA ITEM #9
Southwest Florida LEPC Training Subcommittee Report

Chief Marshall explained that the Fort Myers Tox Medic and North Collier HazMat Tech Courses (approved by the Training Subcommittee and discussed at the February meeting) have been completed. A Charlotte County Natural Gas/Liquefied Petroleum Gas Course and Fort Myers IAFC Conference expenses will cover the rest of SWF's HMEP funds for the year. Charlotte County has a 406 Emergency Course approved for early next year along with Sarasota County's Full-Scale Exercise.

AGENDA ITEM #10
Tier II Reporting and E-Plan Update

Chief Marshall announced that the State is working with UT-Dallas on ways to improve the Hazard Analysis process. Tier II reports are still being submitted for last year. E-Plan has already

completed it's 5-year timetable. Chief Seneca announced that there will be a free E-Plan training in Charlotte County on July 26.

AGENDA ITEM #11

Florida Division of Emergency Management (FDEM) Trainings and Events

Chairman Porter explained that on the State's website <http://trac.floridadisaster.org/trac/trainingcalendar.aspx> there is the calendar of events and trainings that are available.

AGENDA ITEM #12

Hazardous Material Incidents in Southwest Florida

Chairman Porter explained that on the State's website <https://apps.floridadisaster.org/swo/ArchiveNonAdmin.aspx> there is a running list of hazardous materials incidents by county.

AGENDA ITEM #13

Florida State Emergency Response Commission (SERC) Meeting Update

The last SERC Meeting was held in St. Augustine on April 19. Mr. Kammerer reported that the State will be increasing the number of RMP inspectors and three RMP facilities were inspected in SWF earlier this month. The Regional Planning Council has completed the HA contract for Lee and Collier Counties. SWF's HazMat Teams scored well in the 2018 Self-Assessments and Site Visits. The 2019 HazMat Symposium saw a 26% increase in attendance this year with 441 students.

AGENDA ITEM #14

Florida SERC Training Task Force (TTF) Update

The last TTF Meeting was held in St. Augustine on April 18. Chief Marshall reported that the State is concerned with potential conflicts of interest with TTF, LEPC, or SERC members who work for companies that conduct trainings and may financially benefit from actions taken by these committees. Due to this issue, Chief Marshall has been asked to step down as the State TTF Chair. He is still representing the SWF LEPC on the TTF. He explained that this is purely a perception issue that comes up every time there is new leadership at the State level. Chief Marshall has taken no actions as SWF's TTF representative to benefit himself and recuses himself from any vote that involves the company he works for. FDEM plans to have a ruling on this issue at the next TTF and SERC meetings on July 18-19. Chairman Porter added that this issue has come up many times over the years and the State's lawyers can never agree on a ruling.

Chief Marshall explained that FDEM Deputy Director / SERT Chief, Kevin Guthrie, has been working hard to push HazMat at the State level. FDEM is looking to hire a third-party inspector to conduct site visits with HazMat teams on a five-year basis. FEMA has released new typing for HazMat teams, SWF's teams already exceed the new requirements. Florida is looking at compliance with ProBoard checklists.

AGENDA ITEM #15
Members' Comments

Mr. Currie announced that the Department of Homeland Security are looking for sites to inspect and they will be reaching out to the LEPCs and HazMat contacts.

AGENDA ITEM #16
Public Comments

There were no public comments.

AGENDA ITEM #17
Next Meeting

The next meeting was scheduled for August 22, 2019 at 9:30 a.m. at the Southwest Florida Regional Planning Council (1400 Colonial Blvd, Suite 1, Fort Myers, FL 33907).

AGENDA ITEM #18
Adjournment

There being no further business, the meeting was declared adjourned at 10:03 a.m. by Chairman Porter.

Chairman Bruce Porter

Approval Date

The meeting was duly advertised in the May 1, 2019 issue of the Florida Administrative Register, Volume 45, Number 85.

THOMAS YATABE - STATE EMERGENCY RESPONSE COMMISSION AWARDS PROGRAM PROCEDURES

The State Emergency Response Commission (SERC) has established the following procedures to guide the recommendation and review of nominations for the State of Florida Emergency Planning and Community Right-To-Know Act Awards Program.

1. **Four categories of eligibility** are established for the awards program.
 - a. Recognition of an outstanding achievement, accomplishment or superior participation in the hazardous materials planning program by a **member of the SERC**.
 - b. Recognition of an outstanding achievement, accomplishment or superior participation in the hazardous materials planning program by a **member or alternate of a Local Emergency Planning Committee (LEPC)**.
 - c. Recognition of an outstanding achievement, accomplishment or superior participation in the hazardous materials planning program by a **an individual, agency or organization**.
 - d. Recognition of an outstanding achievement, accomplishment or superior participation in the hazardous materials planning program by a **industry or business**.

These categories may be expanded to address unique circumstances at the discretion of the SERC.

2. Each LEPC chairperson shall submit the name of a **single nominee**, chosen from one of the four categories of eligibility, who has made an outstanding contribution to the hazardous materials planning program **as the LEPC's nomination for a Thomas Yatabe - SERC Award**. Multiple nominees may be recommended for Certificates of Appreciation for their contributions to the program.
3. The single Thomas Yatabe - SERC Award and/or Certificate of Appreciation nominations(s) from each district shall be reviewed by the SERC's Membership Committee. The Committee shall forward its recommendations to the SERC.
4. Recommendations for awards will be acted upon by the SERC on an annual basis at its fall meeting (October).
5. Nominations for awards in each category may be offered by members of any category. All nominations must be received by the SERC [REDACTED] to be considered for that year's award. Nominations for recognition for outstanding contributions and certificates of appreciation, must be made in writing by the respective LEPC chairperson, must be directed to the Chairman of the SERC and must be accompanied by an Awards Nomination Form.
6. The SERC may elect to suspend or amend the time limitation of these procedures for good cause.

SERC LEPC Membership Categories:

Local Emergency Planning Committees (LEPCs) must have representatives from the following occupational categories, as required in Section 301(c) of the Emergency Planning and Community Right-To-Know Act (EPCRA):

1. elected state/local officials;
2. law enforcement;
3. emergency management (civil defense in EPCRA);
4. firefighting;
5. first aid;
6. health;
7. local environmental;
8. hospital;
9. transportation personnel;
10. broadcast/print media;
11. community groups;
12. facility owners/operators subject to EPCRA;
13. interested citizens;
14. non-elected local officials;
15. water management district representative;
16. local option.

There should be a continued good faith effort on behalf of the LEPC chairperson to ensure that all of the occupational categories are represented on the LEPC.

Note: The following SERC categories are not EPCRA LEPC Membership Categories (§ 301(c)):

- *First Aid*
- *Interested Citizen*
- *Non-elected Official*
- *Water Management District*
- *Local Option*
- *Local Environmental*

Pursuant to 42 USC §11001(c), Establishment of local emergency planning committees, each local emergency planning committee “shall include, at a minimum, representatives from each of the following groups or organizations: elected State and local officials; law enforcement, civil defense, firefighting, first aid, health, local environmental, hospital, and transportation personnel; broadcast and print media; community groups; and owners and operators of facilities subject to the requirements of this subchapter.”

July 19, 2019 – 9:00 AM**

- I. Pledge of Allegiance
- II. Introductions and Verification of Quorum
 - Chair Kevin Guthrie asked for verification of a quorum. Ms. Anhar Al-Asadi acknowledged that a quorum was present.
 - Chair Kevin Guthrie introduced Ms. Erica White from the U.S. Environmental Protection Agency (USEPA)/Region 4. Ms. White announced that the MOU between Florida State and EPA been signed and that their organization has been going through some organizational changes. More info to follow and the Florida representative will be identified soon and she will pass along to FDEM. In addition, the new EPCRA amendment concerning water treatment and hazardous material release notification was discussed. Florida has a procedure utilizing Florida DEP pollution notification website, but the SERC does need to solidify this process in a Standard Operating Guide. FDEM staff will work this and ensure is ready for SERC review at the October meeting.
- III. Approval of Minutes
 1. Approval of Minutes for April 19, 2019 SERC Meeting
 - ACTION: Motion for SERC Approval
 - EXHIBIT: Minutes of April 19, 2019 SERC meeting
 - o Chair Kevin Guthrie solicited a motion to approve the Minutes from the April 19, 2019. SERC meeting that held at the DoubleTree by Hilton St. Augustine Historic District. A motion for approval been initiated by Chief Mike Murphy and a second by Mr. Mark Tumlin.

IV. New Business

1. Local Emergency Planning Committees (LEPCs) Appointments

ACTION: Approval of the list of recommended members/alternates

EXHIBIT: Memo # 12-19
(Pages 01-04)

- Chair Kevin Guthrie indicated that the LEPC membership modifications being requested by the LEPCs are included in the SERC package. A motion for approval been initiated by Mr. M.S. Mandell and a second by Mr. Larry McIntyre.

V. Reports

1. SERC Training Task Force (TTF) Report

ACTION: Oral report on issues of the SERC TTF

- o Mr. Scott Ehlers (Tampa Bay LEPC Chair) gave a report on below items that been discussed on July 18, 2019 at the TTF meeting:
- NOVA Letter: On April 19, 2019, the State Emergency Response Commission of Hazardous Materials voted unanimously to endorse the continued support of funding from National Institute of Environmental Health Sciences initiative. The purpose of this initiative will be NOVA Southeastern to develop and modify their current maritime hazardous material training in order to train State of Florida hazardous material teams in emergency response in an offshore ocean contingency. These specialized teams in conjunction with the United States Coast Guard will respond offshore, boarding ships and mitigating potential disasters at sea until additional Federal, State and Local resources mitigate the disaster. In addition, Mr. Forest Willis indicated that the USCG will be adding an Appendix to contingency plans to address local hazmat response and working with State of Florida hazmat teams.
- Mr. Erik Sayler was introduced as the new Legal Counsel for the Florida Division of Emergency Management. Mr. Sayler identified that the issue was raised regarding a potential appearance of a Conflict of Interest with Chapter 112.313, F.S. In particular, owning/participating in a business that conducted hazardous material training in Florida, while sitting on the TTF. Mr. Sayler acknowledged that he is currently working with the Commission on Ethics (COE) on making this determination and will advise of this determination once made by the COE. Mr. Sayler additionally identified that this issue may also be applicable to the Local Emergency Planning Committee members statewide.
- Mr. Domenic LetoBarone discussed the biomedical hazard while responding to a roadway accident. He stated that there have been numerous incidents of late where confusion of cleanup from this hazard has resulted between Law Enforcement, Local Officials, and Fire Rescue. Discussion amongst the board pointed out that the TTF/SERC has procedures on proper protective equipment (PPE) for responders, but ultimately this was out of the scope of this organization and at the discretion of the local jurisdiction.
- Standard Operating Guidelines (SOGs)/Standard Operating Procedures (SOPs). Capt. Frank DeFrancesco did advise that the next four SOGs/SOPs topics recently been finalized by subject matter experts regarding each of the following respective topics and are ready for SERC's approval prior to distribution. Those topics were: Gas Cylinders & Containers; Radiological; Safety & Health for Hazmat; and Emergencies involving Corrosives. In addition, Capt. DeFrancesco did recognize anticipation that the remaining seven topics can and should be completed in advance of the October 2019 SERC meetings. More info. regarding the approved SOPs and SOGs please click link below: <https://portal.floridadisaster.org/SERC/External/SERC%20Documents>

2. Hazard Analysis Working Group Report

ACTION: Report by Chair Zach Annett

- Mr. Robert Dietrich identified the current HAWG initiative remains to develop and standardize a Hazards Analysis (HA) guidance document to advise personnel conducting the analyses as well as to inform facilities as to how/why the Hazards Analysis process was developed as well as provide an explanation of how the information is utilized. While taking a “more active” role in the mission of the HAWG, FDEM is soliciting ideas for improvement of the HA program with a desire/goal for the program data/outcome to be more relevant to first responders.

3. Update on the LEPC Activities

ACTION: An update of the meetings and activities conducted by each of the 10 LEPCs

EXHIBIT: HazMatters

(Pages 06-18)

- Chief Richard Knoff indicated that each of the LEPCs prepare HazMatters reports for their respective Districts. The Reports reflect the activities and initiatives conducted within their own Districts over the past quarter. Each of these Reports are provided quarterly as part of the SERC meeting Agenda materials.

4. Financial Status Report

ACTION: Report on revenues received and expenditures incurred for the fiscal year

EXHIBIT: Memo # 13-19

(Pages 19-22)

- Mr. Robert Dietrich gave the financial status report, indicating data is included as part of the Agenda materials.

5. Hazardous Materials Incidents Report

ACTION: Report on recent hazardous materials incidents reported in the State of Florida

EXHIBIT: Memo # 14 -19

(Pages 23-28)

- Mr. Robert Dietrich gave the hazardous materials incidents report, indicating data is included as part of the Agenda materials.

6. Update of Staff Activities and Reports by Section

ACTION: Update on the reports received by section; including an update on staff presentations and information requests

EXHIBIT: Memo # 15 -19

(Pages 29-35)

- Mr. Robert Dietrich indicated that various graphics were provided within the SERC Agenda materials to depict various staff functions and initiatives.

VI. Other Business

1. Statewide Hazmat Supply Chain Trends — David O. Willauer

- Mr. David Willauer currently serves as the Chairman of Transportation Research Board on Transportation of Hazardous Materials. In addition, as an employee of Cambridge Systematics, Mr. Willauer presented an overview of a recently-completed project by their company regarding concentrations of chemicals and transportation methods for all RMP, TRI & Tier II facilities in the State of Nevada. The primary purpose of the study was to determine the percentage of these facilities transporting their product(s) by truck and the most vulnerable roadway segments.

2. Responders Safety Initiative/ Pesticide — Robert Dietrich

- FDEM staff discussed the Florida Department of Agriculture and Consumer services program known as “Operation Clean Sweep.” This program has been in place for over a decade and gathers pesticides that are identified as waste or unused for collection and proper disposal. The SERC is working with other agencies to push this program to reach as many people as possible throughout Florida. The goal of unused and potentially unsafe or improperly stored pesticides is a safety risk to our citizens, and especially our First Responders while responding to a fire. In addition, FDEM staff is working on identifying potential additional funding sources that might be used to increase this programs effectiveness.
- The program is describing as “a mobile pesticide collection program that provides a safe way to dispose of cancelled, suspended and/or unusable pesticides” in the quantities of 1,000 pounds or less. The program enables private sector industries or public sector facilities to call 1-877-851-5285 to schedule a FREE pickup of applicable product(s) so that they can be disposed of in a responsible and appropriate manner. More information on the program is available by contacting cleansweep@freshfromflorida.com. A flyer for Operation Clean sweep can be found at:

https://portal.floridadisaster.org/SERC/External/Meetings/2019-07/Operation_Cleansweep.pdf

3. EPA's List-of-Lists — Robert Dietrich

- Mr. Robert Dietrich announced that EPA recently updated their “List-of-Lists” for the first time since 2015. The List identifies the reporting requirements and thresholds associated with more than 500,000 chemicals. The State’s EPCRA How-to-Comply Manual will be revised to reflect this update. In addition, and shortly following this update, Mr. Bert McKee did compile a six-page document simply identifying the requirements and thresholds associated with pesticides, including the common trade terms for the chemicals, primarily for the benefit of those involved in the Pesticide application industry and first responders.

4. 2020 Emergency Response Guidebooks — Robert Dietrich

- Robert Dietrich advised that the U.S. Department of Transportation is moving forward with the publishing of the 2020 Emergency Response Guidebooks (ERGs) although electronic downloads (for computers, laptops & smart phones) remain their preferred means of product delivery. The ERGs are typically updated every four years. FDEM indicated that the LEPCs will receive additional quantities, at minimum, to those received when the document was last published in 2016. Once the printing of the 2020 ERGs in completed, ALL Florida-bound hard copies will be delivered to the State Logistics Response Center (SLRC) warehouse in Orlando. Robert Dietrich affirmed that he will attempt to plan for further delivery to the local LEPCs.

5. 2020 Hazmat Symposium – Jonathan Lamm

- Chief Jonathan Lamm identified that there is no update to provide regarding the 2020 Hazmat Symposium other than recognizing that it is progressing well. Chief Jonathan Lamm identified that he and Ms. Michelle Cechowski did recently attend a Natural Gas Industry Conference in Orlando and provided presentations on the Hazmat Symposium and Florida Pipeline Emergency Response Initiative (PERI). He suggested that Ms. Michelle Cechowski would be able to provide an overview of the scope of services that will be administered in association with a grant they were recently awarded from the Pipeline and Hazardous Materials Safety Administration, perhaps in conjunction with the next SERC meeting.

VII. Comments

- Chief Jonathan Lamm brought recognition to Ms. Anhar Al-Asadi (FDEM) and stated that she is been elected to be on the board of the National Association of SARA Title III Program Officials (NASTTPO) representing Region IV.
- Chief Mike Murphy recognized and thanked Dwayne Mundy for his numerous years of service and contributions to this group and all hazardous materials planning efforts throughout the State. Chief Mike Murphy added that while Mr. Dwayne Mundy “had recently battled an illness but is back now” and he is present in the audience. All applauded and welcomed him back! It is hereby stated that Mr. Dwayne Mundy does have more tenure than any other LEPC Coordinator in the State.
- Chief Mike Murphy provided kudos to Chair Kevin Guthrie for his numerous actions he has taken, in short time, regarding improvements associated with the fire service and hazmat teams.
- Mr. Guthrie added that the state will now cover all "Federally -declared" Mutual Aid costs as long as in line with FEMA.
- Mr. Mark Tumlin suggested that the SERC members need to be provided copies of anything requiring a vote in advance of the meeting for their review. Therefore, it was announced that these updated topics will be “tabled” until the next SERC meeting. It was affirmed that these documents will be transmitted to SERC members for their review in advance of the next meeting.

VIII. Next Scheduled Meeting – October 18, 2019 – SanDestin, Miramar Beach, FL.

- Chair Kevin Guthrie announced that the October SERC meeting will start at 10:00 AM.

Priority Hazmat Selection Process

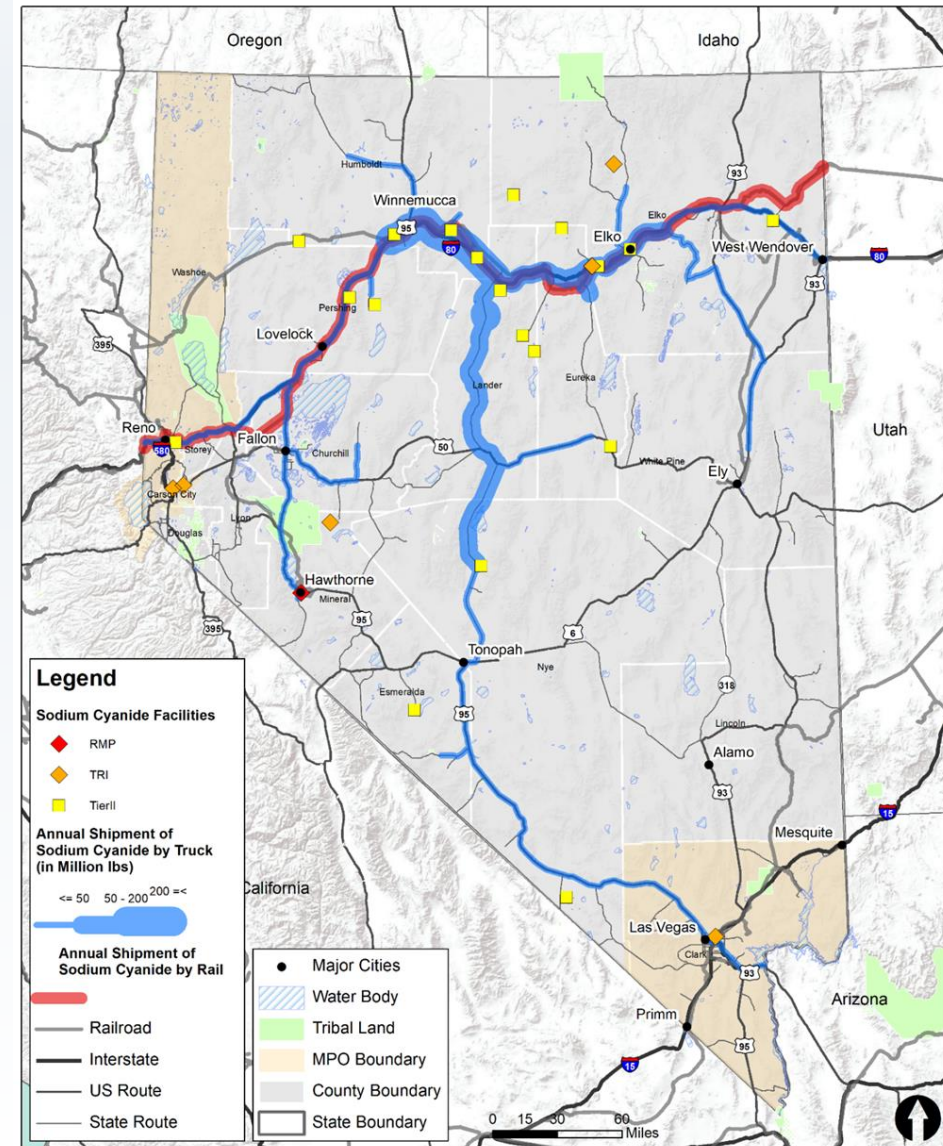

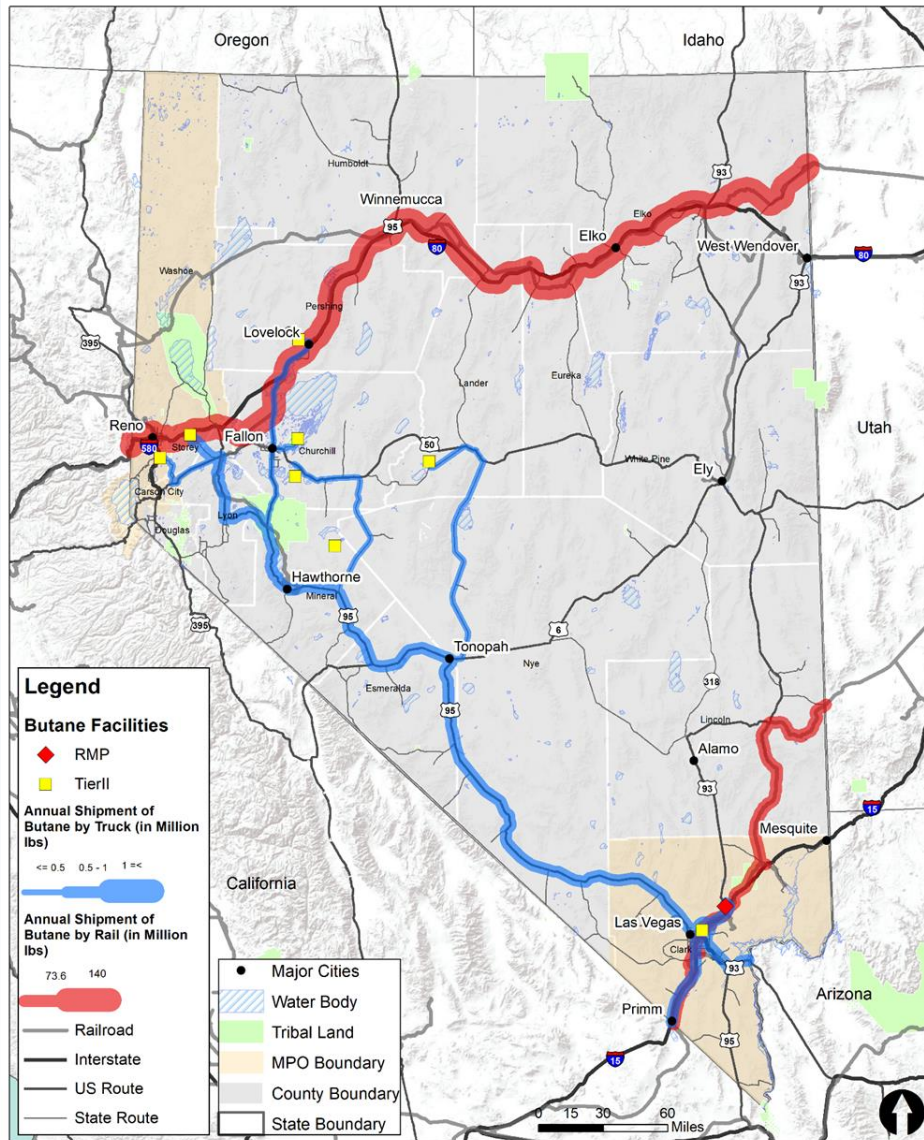

The study team focused on toxic **chemicals** and high-volume flammable **fuels**, then applied four selection criteria to organize into a list of priority hazardous materials.

- Isolation Distance
- Threshold Planning Quantity
- Lower Flammability Limit (LFL)
- Flash Point

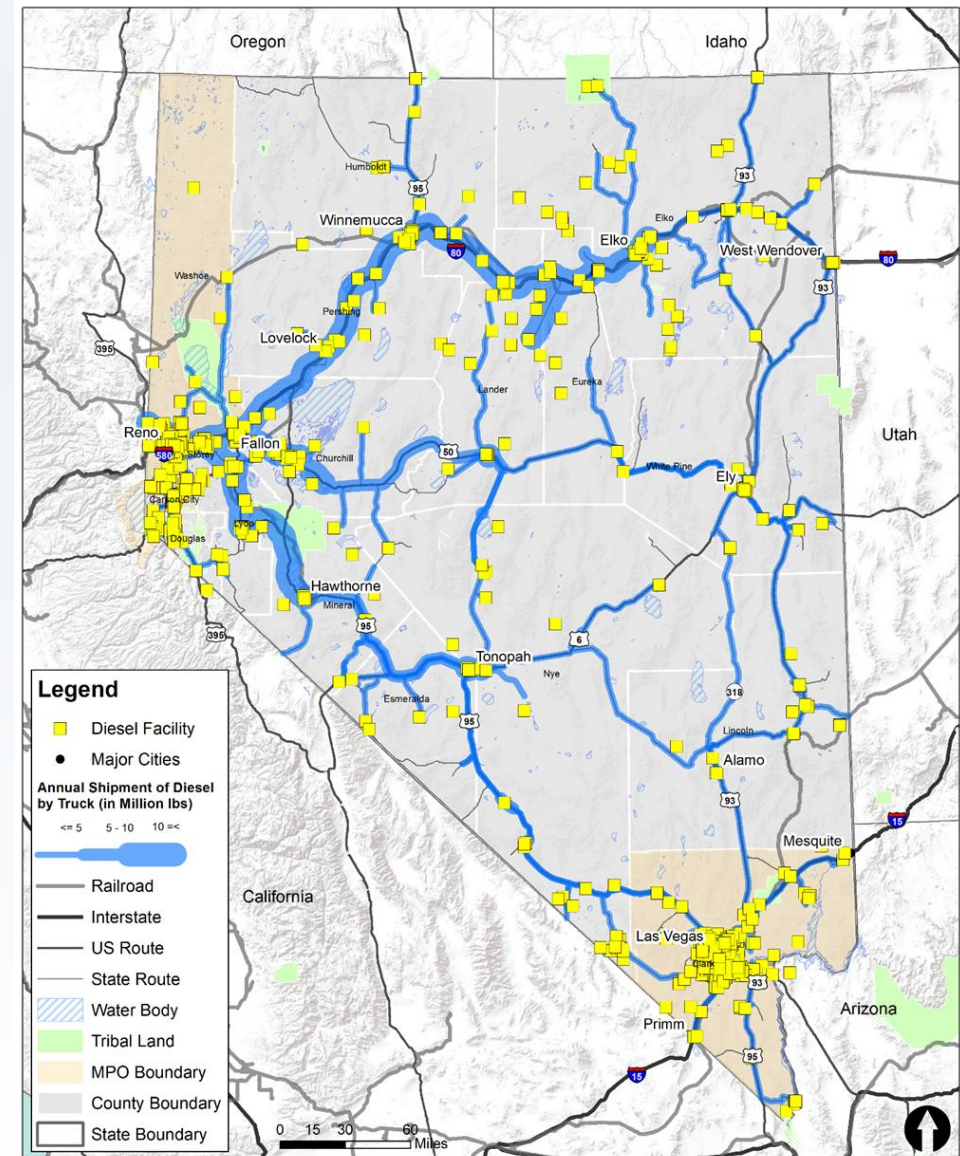

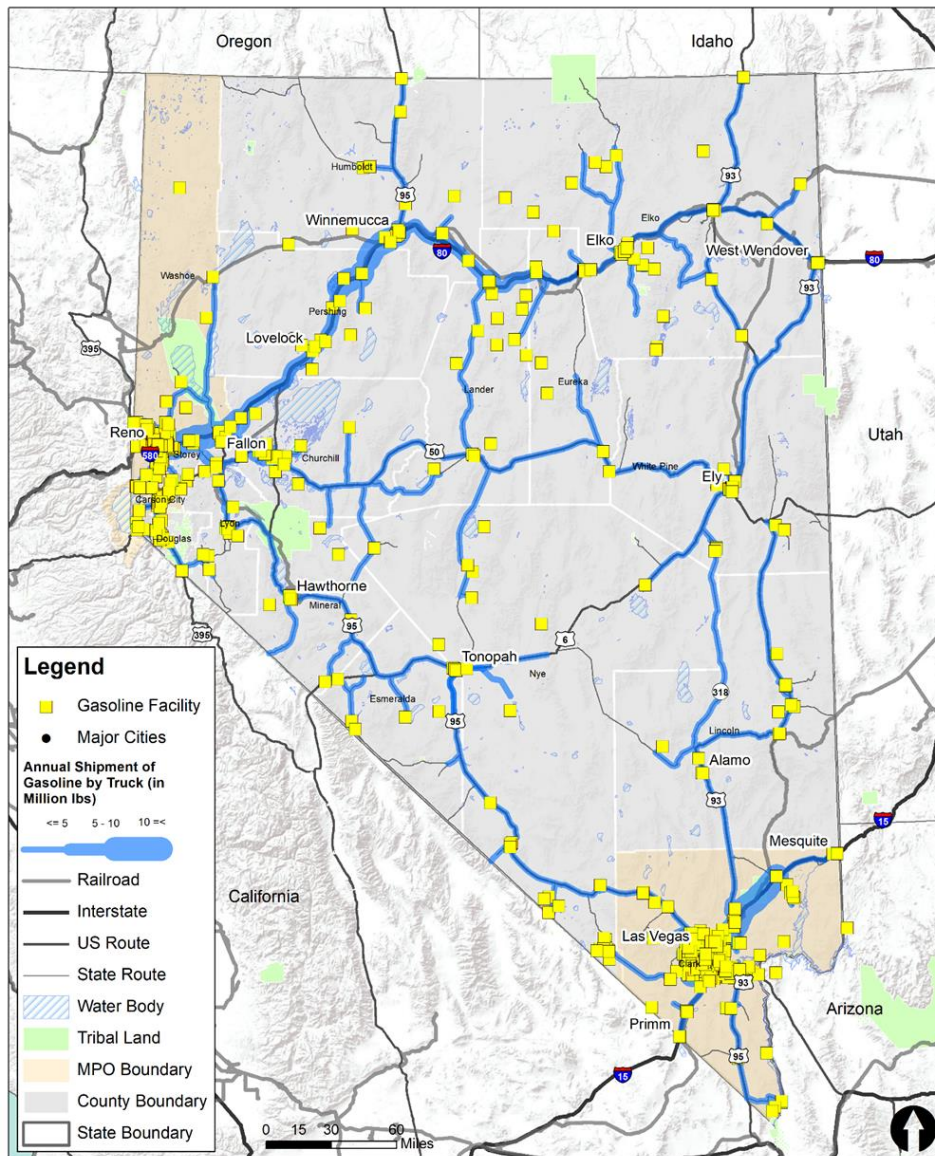

Priority Hazardous Materials

	Chemical Name	Score	Chemical Uses	Facilities	EHS
1	Ammonia, Anhydrous	4	Refrigerant, fertilizer	18	Yes
2	Butane	4	Fuel and blending	6	No
3	Chlorine	7	Water treatment	6	Yes
4	Ethanol	1	Biofuel	5	No
5	Hydrogen Fluoride	4	Manufacturing	8	Yes
6	Nitrogen Dioxide	6	Catalyst, oxidizing agent	2	Yes
7	Potassium Cyanide	4	Mining and electroplating	2	Yes
8	Propane	3.5	Fuel and heating	7	No
9	Sodium Cyanide	4	Mining operations	18	Yes
10	Titanium tetrachloride	4	Titanium, whitening	4	Yes

5	Oxidizing Substances	Chlorine
6	Toxic Substances	Hydrogen Fluoride, Sodium Cyanide, Titanium Tetrachloride
8	Corrosives	Ammonia, Chlorine, Hydrofluoric Acid

Hazmat Study Findings

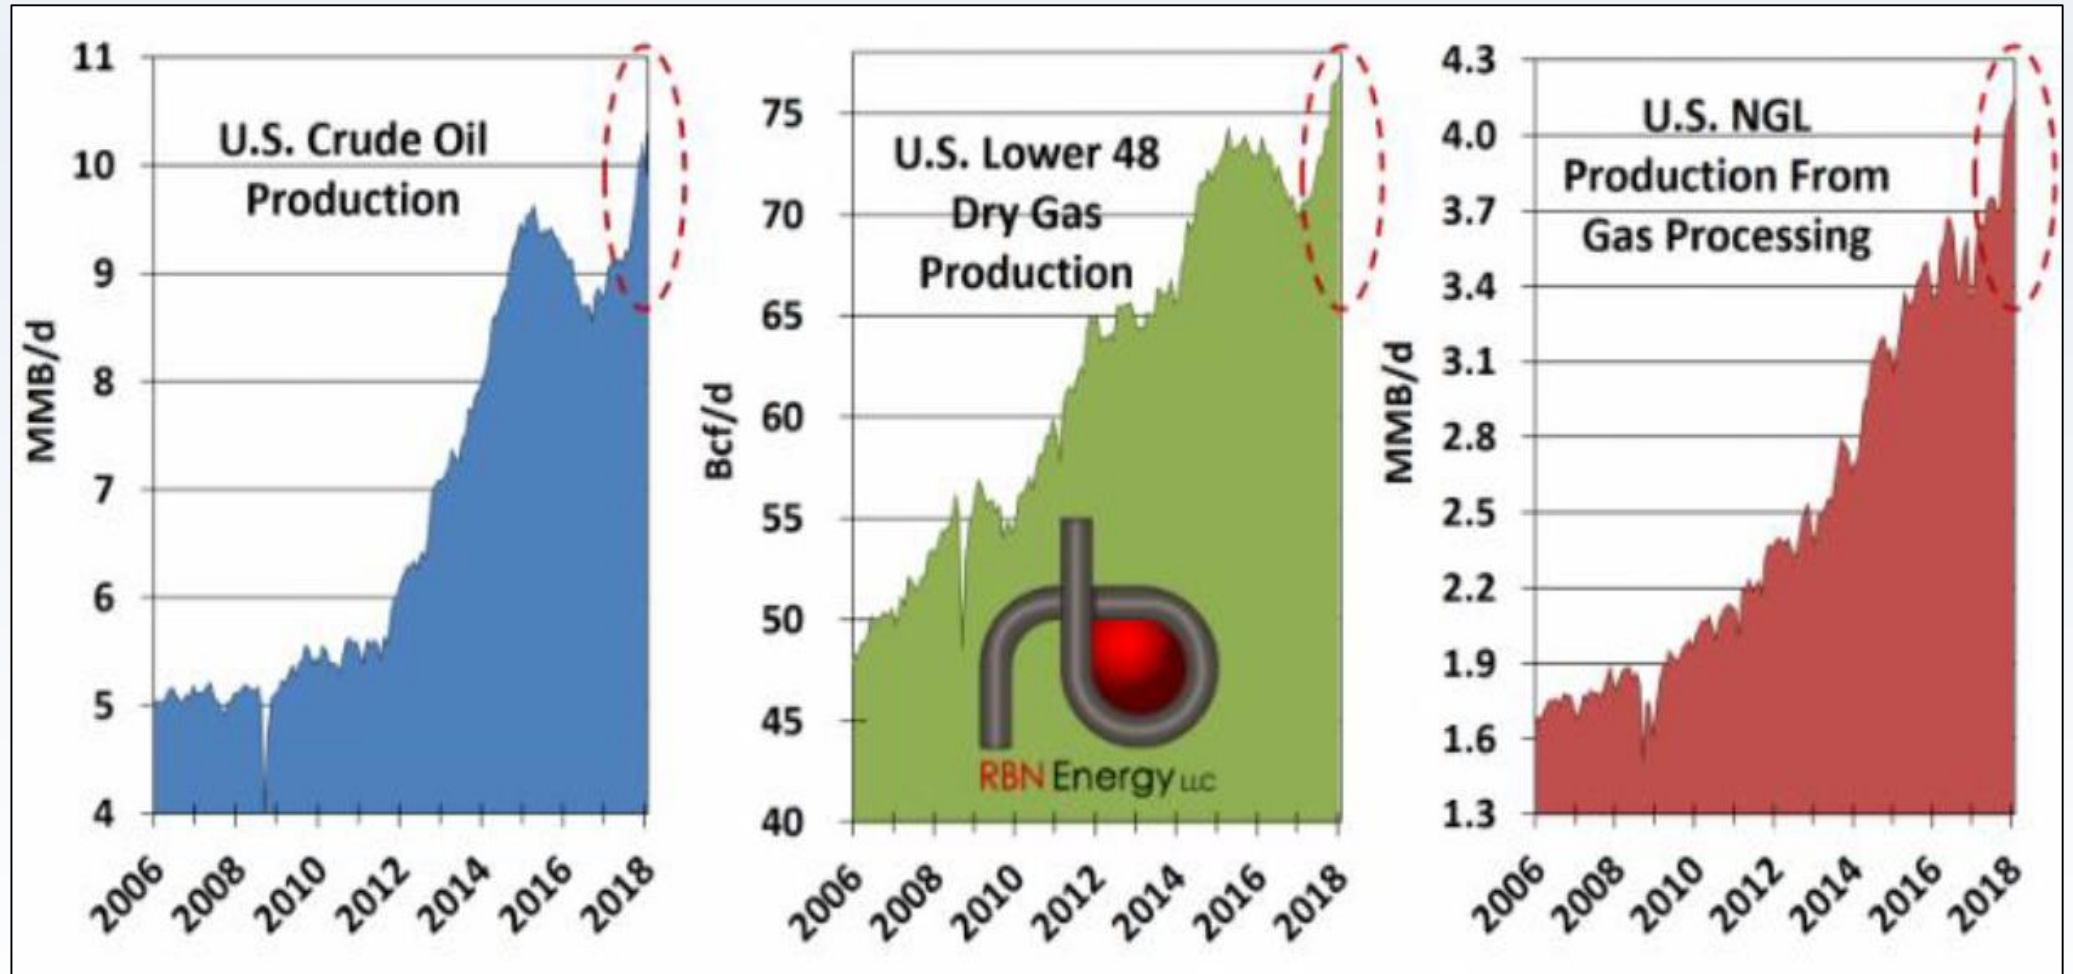

- Priority hazards are similar to other states
- Nevada has specialty chemicals for mining
- Northern Nevada uses more diesel
- One third of Nevada Hazmats are through-travel
- 63% of trucks transport flammable liquids
- 65% trucks were observed in metro areas
- Recommend secure portal to control access
