<sup>\*</sup>Meeting locations are subject to change depending on COVID-19 restrictions\*

# AGENDA ITEM #7 Discussion on Presentations and Trainings to be Completed

Ms. Kubasik brought to attention that there are several tasks that need to be satisfied as part of the LEPC contract requirements. All tasks are to be completed by June 30, 2021 and they range from the EPCRA presentations, Emergency Response Plan Updates, HazMat Exercises to training coordination. Kate Boer from Treasure Coast LEPC gave some insight on the LEPC deliverables. She informed that there is not a requirement for the HMEP contract this year to do a planning project, so all HMEP funds can be devoted to training or additional funds can be requested for a planning project by choice. Ms. Boer went on to explain that in the LEPC contract requires two tabletop exercises, 1 full scale exercise OR an as active committee member can join in on planning someone else's exercise from start to finish.

### AGENDA ITEM #8 LEPC HazMat Exercise 2020-2021

Chief Marshall explained that he has not yet received any inquiries for tabletop exercises but added if anyone is planning an exercise or would like to conduct one please reach out. With COVID restrictions its very hard to get these done, but we can work together and conduct things virtually. Kate Boer added that not many people request exercises but suggested reaching out to those we do Hazard Analysis with to help them update their emergency response plans and operations plans within their facilities, this keeps the exercises small and also helps to commit to the regional application and getting EOC managers involved.

# AGENDA ITEM #9 Southwest Florida LEPC Training Subcommittee Report

Chief Marshall explained that since our last meeting the HazMat Symposium has been cancelled for this year. Normally we save \$20,000 for that, we now have that money to spend on localized training. There are classes in Cape Coral and Charlotte County that were approved through the training subcommittee and will be moving forward but we have the opportunity now to do all the training that was proposed this year with the extra funding from the cancelled symposium. Chief Marshall added that if your department or first response agency is looking for a specific type of training you will be receiving an email on how to request each training.

Mr. Ed Dwyer asked Chief Marshall about the process of how classes are requested. He was asked to make a request of the LEPC group today for a last-minute training. The Bomb Squads have been going through a hardship since the Anniston Tech Course has been closed and it is a prerequisite for bomb squad techs to get into basic academy up at Redstone Arsenal Bomb Training, this is a problem that is statewide, as Anniston is still closed, and the Bomb School is open. There are two gentlemen waiting to go from the Lee County Airport and one gentleman has been rescheduled 3 times because he has been unable to get the tech course from Anniston. Since this is a HazMat Course the Bomb Squad Commanders have asked if this is a

training that the LEPC could help conduct or if there is anything this group can do for a training to meet the requirements the same as Anniston. Chief Marshall asked if the HazMat 160 Class that is approved at the Florida State Fire College would work for the requirements because Charlotte County has an approved HazMat Course for this year. Chief Marshall agreed to bring the information for this course to the subcommittee. LEPC's can share the costs of trainings if they are benefitting both regions.

## AGENDA ITEM #10 Tier II Reporting and E-Plan Update

Chief Marshall reported that we are a month out from Tier II reporting starting (January 1-March 1). We will have to figure out if we will do an in-person training or virtual training due to COVID restrictions. There will be two trainings for our region set up, one in January and one in February. There does not seem to be too much updating when it comes to the Tier II reporting and software, so it should not be too difficult this year.

# AGENDA ITEM #11 Florida Division of Emergency Management (FDEM) Trainings and Events

Chairman Porter explained that on the State's website <a href="http://trac.floridadisaster.org/trac/trainingcalendar.aspx">http://trac.floridadisaster.org/trac/trainingcalendar.aspx</a> there is the calendar of events and trainings that are available.

### AGENDA ITEM #12 Hazardous Material Incidents in Southwest Florida

Chairman Porter explained that on the State's website <a href="https://apps.floridadisaster.org/swo/ArchiveNonAdmin.aspx">https://apps.floridadisaster.org/swo/ArchiveNonAdmin.aspx</a> there is a running list of hazardous materials incidents by county.

# AGENDA ITEM #13 Topics for Future Meeting

No one had suggestions or requests for topics. Chairman Porter reminded everyone that we can accept presentations from anyone as long as it is informational and not a business pitch. Kate Boer added that the Treasure Coast LEPC had a great presentation from the Pipeline folks, there was a massive explosion in Palm Beach County recently and their presentation is recommended as well as the Civil Support Teams presentation. Mike Laycock with Florida Gas Transmission added that he would be glad to help out in any way and conduct presentations on their high-pressure gas lines.
