A motion was made by Chief Sieber to approve the LEPC Hazardous Material Emergency Response Plan update as presented. The motion was seconded by Chief Davis and passed unanimously.

AGENDA ITEM #7 Presentation

Chief Marshall gave the membership a brief overview of the BUXUS system. BUXUS is an online app designed for gas transmission systems to upload their pipelines so that first responders can log in and see where the pipelines are located to access during emergencies. The state has asked companies to join, with some joining and others not. The system would be great for

places that drill and utilize directional drilling, as it will allow first responders to know where the pipes are, where they lead, and where the leak is located. The app includes major transmission lines, but not small feeder lines.

AGENDA ITEM #8 Meeting Schedule & Locations

The 2021-2022 LEPC meeting schedule is as follows:

- Thursday, August 25, 2022
- Thursday, December 1, 2022

Ms. Williams requested that anyone who has a meeting location available for our LEPC meeting days, with technology capabilities to please let her know. Mr. Jon Diamond offered the Lee County EOC for the August meeting. Other locations TBD.

AGENDA ITEM #9 SERC Meeting Recap

Ms. Williams attended the April SERC meeting that was held April 14-15, 2022 in Altamonte Springs, FL. A quorum was not present at the SERC meeting. The following items were discussed:

Offshore Hazmat Pilot Program: The status of the U.S. Coast Guard, NOVA Southeastern, and FDEM/SERC Offshore Hazmat Response training initiative was discussed. The first training was scheduled for late April in Fort Lauderdale. This first pilot training delivery will be evaluated by subject matter experts to help the TTF identify potential improvements and finalize the length of the training.

HazMat Working Group: They finalized their "How-To Guide" that will be included in the contracts and posted on FDEM SharePoint.

LEPC Support Contract: The shortage of funding for the LEPC contracts will remain in place through the 2022 and 2023 contract cycles. FDEM's proposal to fund the program and state and regional LEPCs was approved for half of the requested budget. LEPCs contract statewide will remain the same for the next year.

Chief Marshall announced that the next SERC meeting will take place on July 14-15 at the Naples Grande Hotel in Naples, FL.

AGENDA ITEM #10 LEPC HazMat Exercise 2021-2022

Chief Styza gave an overview of the Full-Scale Exercise that took place March 8-10 in Charlotte County, with various HazMat teams responding in accordance with the State Emergency Response Plan. The HazMat teams setup operations in a hurricane affected area with simulated potential hazmat leaks and spills at various locations, including Cheyney Brothers, AmeriGas, and the Water Treatment Facility. Three HazMat teams met at a base operation each day, simulated calls for reported spills, left as a rapid assessment team, verified if there was a leak or issue, and reported back to request resources. The major hazards were liquid petroleum gas, anhydrous ammonia, and chlorine. It was very successful exercise.

Chief Davis commented that each team stayed busy and worked well together. Chief Marshall stated that this was the first exercise of the HazMat portion of the newly approved State Emergency Response Plan. The 48th CST evaluated the exercise and provided helpful feedback.

Chief Styza commented the success of bringing together HazMat teams from different areas and how well they were able to work alongside one another.

The After-Action Report will be finalized in June.

AGENDA ITEM #11 Southwest Florida LEPC Training Subcommittee Report

Chief Styza stated that the Charlotte County HazMat Tech course was completed at the end of March and was successful. Chief Marshall commented that there is currently a HazMat tech course happening out of North Collier with 28 students from Collier and Lee Counties.

Chief Marshall asked for suggestions for trainings that would be completed by August 1 to be included in a proposal for FDEM. Chief Styza suggested a one-day Detection and Rapid Analysis of HazMats class repeated three days. Captain Wilkins suggested a one-day Detection and Rapid Analysis of Hazardous Material Technician Course that will run for three days. Chief Marshall suggested a HazMat Tech Course that would finish at the end of July in Fort Myers.

A motion to include the suggested courses on the training funds proposal for FDEM to be submitted on Friday, May 27th, was made by Chief Davis and seconded by Lieutenant Roguska. The motion was approved unanimously.

Mr. Yanc announced free trainings offered by OSHA, with classes including Operations-level Response to HazMat, HazMat Tanker Roll-over Response, and an Anhydrous Ammonia and Chlorine Leak trainings, available to 40 students.

Chief Marshall discussed funding for the next fiscal year, as of October 1. The HazMat Symposium typically utilizes between \$20,000-25,000. Chief Marshall requested a motion for allocating more funding to provide the opportunity to send more people from the local jurisdictions.

A motion to increase the funding allocated for the HazMat Symposium to \$24,000 was

made by Chief Sieber and seconded by Chief Davis. The motion was approved unanimously.
