INDEPENDENT AUDITOR'S REPORT

Executive Committee and Council Members Southwest Florida Regional Planning Council 1400 Colonial Blvd., Suite 1 Fort Myers, Florida 33907

Report on the Financial Statements

We have audited the accompanying financial statements of governmental activities and each major fund of Southwest Florida Regional Planning Council (the "Council"), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Florida Retirement Systems Pension Plan (FRS) or Health Insurance Subsidy Pension Plan (HIS) as of and for the year ended June 30, 2016. The Council is required to record its proportionate share of the FRS and HIS liability in the Council's government-wide financial statements as of September 30, 2016 and for the year then ended. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Southwest Florida Regional Planning Council's government-wide financial statements, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government</u> <u>Auditing Standards</u>, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Council's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

Unmodified Opinions

In our opinion, based on our report and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Southwest Florida Regional Planning Council as of September 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i - vi, Schedule of Council's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of Council Contributions - Florida Retirement System Pension Plan (FRS), Schedule of Council's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of Council Contributions - Health Insurance Subsidy Pension Plan (HIS), and Notes to Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information - management's discussion and analysis (MD&A), Schedule of

Executive Committee and Council Members Southwest Florida Regional Planning Council Page 3

Council's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of Council Contributions - Florida Retirement System Pension Plan (FRS), Schedule of Council's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of Council Contributions - Health Insurance Subsidy Pension Plan (HIS), and Notes to Required Supplementary Information, as listed in the table of contents, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information - management's discussion and analysis (MD&A), Schedule of Council's Proportionate Share of the Net Pension Liability - Florida Retirement System Pension Plan (FRS), Schedule of Council Contributions -Florida Retirement System Pension Plan (FRS), Schedule of Council's Proportionate Share of the Net Pension Liability - Health Insurance Subsidy Pension Plan (HIS), Schedule of Council Contributions - Health Insurance Subsidy Pension Plan (HIS), and Notes to Required Supplementary Information, as listed in the table of contents, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Southwest Florida Regional Planning Council's basic financial statements. The required supplementary information other than the MD&A - budgetary comparison information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The required supplementary information other than the MD&A - budgetary comparison information is the responsibility of management as was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the required supplementary information other than MD&A - budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Council's basic financial statements. The Exhibit - Management's Response to Independent Auditor's Report to Management is not a required part of the basic

financial statements but is required by <u>Government Auditing Standards</u>. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Section 218.415, Florida Statutes

In accordance with Section 218.415, Florida Statutes, we have also issued our report dated April 25, 2017, on our consideration of Southwest Florida Regional Planning Council's compliance with provisions of Section 218.415, Florida Statutes. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and to provide an opinion on compliance with the aforementioned Statute. That report is an integral part of an audit performed in accordance with Sections 218.39 and 218.415, Florida Statutes in considering Southwest Florida Regional Planning Council's compliance with Section 218.415, Florida Statutes.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated April 25, 2017 on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Council's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

As management for the Southwest Florida Regional Planning Council (the "Council") this narrative overview and analysis of the financial statements is designed to provide a helpful viewpoint as to the Council's financial activities for the fiscal year ending September 30, 2016. We recommend readers consider this information in conjunction with the financial statements taken as a whole.

Financial Highlights

- The net position of the Council at the close of its fiscal year end was \$130,353. The Council's total net position decreased \$350,589 or 66% from the prior year due to recognizing an accounting loss on the sale of the Council's office building of \$287,286.
- As of the close of the fiscal year 2016, the Council reported an ending fund balance of \$811,779 an increase of \$223,342 from the prior year due to realizing net proceeds of \$215,460 from the sale of the office building. \$805,398 of this amount is available for spending at the Council's discretion.
- Total revenues increased \$26,611 prior to recording the loss of \$287,286 from the sale of the building, in comparison to the prior year. Total expenses decreased \$125,719, in comparison to the prior year. The decrease in expenses had to do with reduction in mortgage interest expense and personnel.
- The mortgage payable was due and payable on June 1, 2016. However, the related building was placed for sale and sold in November 2015. Therefore, the note payable of \$879,263 was recorded as a current liability at September 30, 2015 and paid in full during the year ended September 30, 2016 plus accrued interest and prepayment penalty of \$25,851.
- Effective June 15, 2015, the Council adopted the provisions of Governmental Accounting Standards Board Statement No. 68 "Accounting and Financial Reporting for Pensions" (Statement No. 68). The implementation of this accounting standard required the Council to report its actuarially determined net pension liability of \$565,736 in the government-wide financial statements as of September 30, 2015. For the year ended September 30, 2016, the Council's proportionate share of its pension liability increased by \$69,092 for a total of \$634,828 at September 30, 2016.

Government-Wide Financial Statements

Government-wide financial statements (statement of net position and statement of activities found on pages 5 and 6, respectively) are intended to provide readers with a broad overview of the Council's finances and financial health in a manner similar to a private sector business. They are prepared using the full accrual method of accounting, (revenue is recognized when earned and expenses are recognized when incurred. Amounts expended for capital assets are capitalized rather than expensed).

The *Statement of Net Position* (page 5) presents information on all of the Council's assets and liabilities, with the difference between the two reported as net position. The Council's capital assets (land, building, equipment, furniture and fixtures, and vehicles) are included in this statement and are reported at

Government-Wide Financial Statements (continued)

historical cost, or fair market value at the date of donation if they were donated to the Council, net of their accumulated depreciation.

The *Statement of Activities* (page 6) presents revenue and expense information showing how the Council's net assets changed during the fiscal year.

Governmental Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. Fund financial statements explain how the Council's services were paid for as well as what remains for future spending. Fund financial statements report the Council's operations in more detail than the government-wide financial statements by providing information about the Council's funds.

Governmental funds financial statements (found on pages 7 and 9) are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets.

Notes to the Financial Statements

The notes to the financial statements provide additional information so that a reader may more fully understand the information provided in the basic financial statements. The information contained in the notes is essential to a full understanding of the government-wide and fund financial statements. The notes are on pages 11 through 49.

Supplementary information consists of more detailed information on the budget to actual revenues and expenditures.

Government-Wide Financial Analysis

The government-wide financial statements were designed so that the user could determine if the Council is in a better or worse financial condition from the prior year. The net position may serve, over time, as a useful indicator of the Council's financial position.

The net investment in capital assets are used by the Council to provide services and consequently these assets are not available to liquidate liabilities and are not available for other spending.

Budgetary Highlights

Budget versus actual comparisons are presented in the required supplementary information other than the Management's Discussion and Analysis. The significant budget variations versus actual results were due to the Council budgeted its reserves carryforward and did not have to use them.

Original to Final Budget Variances

The Council Members approved several budget amendments during the fiscal year ended September 30, 2016. The amendments were between various revenue and expenditure line items and did change the total budgeted revenues and expenditures in the general fund by \$53,879 and the special revenue fund by \$296,581.

Budgetary Highlights, (continued)

Final Budget to Actual Variances

No financially significant final budget versus actual line item variances were noted in the General Fund or Special Revenue Fund for revenues. Financially significant variances for expenditures (before indirect expenditure allocations) were unfavorable variance for consultant fees of \$37,957 due to reduction inhouse staff and costs of sales of the building in the General Fund of \$118,275 and capital purchases of \$24,805 in the Special Revenue Fund.

Capital Assets

Non-depreciable capital assets include land. Depreciable capital assets include building, equipment, furniture and fixtures, and vehicles. The following is a schedule of the Council's capital assets as of September 30, 2015 and 2016.

The note payable used to finance the purchase of the office building had a monthly payment of \$10,646, including interest at 5.68%, with a final payment of \$826,523 due June 1, 2016. As such, the note payable was paid in full in November 2015 at the time of the sale of the Council's office building.

The amount reported as compensated absences represents the total amount the Council had due at the termination of all employees' employment. The net OPEB obligation is the actuarially determined cost to offer retiree's health, dental, and vision coverage.

Net pension liability reflects the Council's proportionate share of its FRS and HIS liability.

During November 2015, subsequent to the year ended September 30, 2015, the Council sold its building for approximately \$1,200,000. The Council then moved its operations and entered a five year lease for office space.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Southwest Florida Regional Planning Council (the "Council") is a governmental agency, created on November 8, 1973 via interlocal agreements as provided by Florida Statutes Chapters 163.01 and 163.02, as amended, to assist other governmental and private agencies in the planning of projects in the Southwest Florida area under Florida Statutes, Chapter 186.504. The Council acts as a regional planning agency and exercises its rights and duties pursuant to Florida Statutes Chapters 23, 160, 163, 186 and 380. The Council's principal members consist of Charlotte, Collier, Glades, Hendry, Lee and Sarasota Counties. The Council's Board Members are appointed per statutory requirement. The Council is funded through statutory member assessments, various fees, and multiple federal, state, and local grants and contracts.

Specifically, the Council's mission is:

- 1. To make the most efficient use of its powers to promote cooperation for mutual advantage in order to provide services and facilities that will accord best with geographic, economic, social, land use, transportation, public safety resources, and other factors influencing the needs and development of local communities within its six county region;
- 2. To serve as a regional coordinator for the local governmental units comprising the region;
- 3. To exchange information on and review programs of regional concerns;
- 4. To promote communication between the local governments for the conservation and compatible development of the Southwest region;
- 5. To cooperate with Federal, State, and local government and non-government agencies to accomplish regional objectives; and
- To do all things authorized for a Regional Planning Agency under Chapters 163, 186 and 380 of the Florida Statutes and other applicable Florida, Federal, State, and local laws, rules, and regulations.

Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies used in the preparation of these basic financial statements.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Summary of Significant Accounting Policies, continued

The basic financial statements of the Council are comprised of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Reporting Entity

The Council has adopted Governmental Accounting Standards Board (GASB) Statement Number 14, "Financial Reporting Entity" (GASB 14), as amended by GASB Statement Number 39, "Determining Whether Certain Organizations Are Component Units" (GASB 39) and GASB Statement Number 61, "The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34" (GASB 61). These Statements require the financial statements of the Council (the primary government) to include its component units, if any. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. Based on the criteria established in GASB Statement 14, as amended, there are no potential component units included or required to be included in the Council's financial statements.

The Council assisted in the creation and establishment of Southwest Florida Resource Conservation and Development Council, Inc. ("Conservation"), an independent Florida not-for-profit corporation. Conservation's mission is to develop a resource conservation plan for its service area, as well as to act as a clearinghouse for other conservation groups and efforts.

The Council provides no direct support to Conservation and does not have authority to exercise economic control over Conservation. The Council, however, provides Conservation with bookkeeping services free of charge. The Council cannot appoint or remove the Board members of Conservation. Therefore, Conservation is not considered a component unit of the Council, and its financial activity is not included within these financial statements.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Council and do not emphasize fund types. These governmental activities comprise the primary government. General governmental and intergovernmental revenues support the governmental activities. The purpose of the government-wide financial statements is to allow the user to be able to determine if the Council is in a better or worse financial position than the prior year. The effect of all interfund activity between governmental funds has been removed from the government-wide financial statements.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33, "Accounting and Financial Reporting for Nonexchange Transactions."

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability in the government-wide financial statements, rather than as expenditures.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital improvements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Government-wide Financial Statements, continued

Program revenues are considered to be revenues generated by services performed and/or by fees charged such as dues, assessments, fees, and operating grants and contracts.

Fund Financial Statements

The Council adheres to GASB Number 54, Fund Balance Reporting and Governmental Fund Type Definitions.

The accounts of the Council are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. Fund financial statements for the Council's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in aggregate for governmental funds.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period.

The Council's major funds are presented in separate columns on the governmental fund financial statements. The definition of a major fund is one that meets certain criteria set forth in GASB Statement Number 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments".

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns on the fund financial statements.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period and soon enough thereafter to pay liabilities of the current period. For this purpose, the Council considers tax revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Revenues susceptible to accrual are interest on investments and intergovernmental revenues. Interest on invested funds is recognized when earned. Intergovernmental revenues that are reimbursements for specific purposes or projects are recognized when all eligibility requirements are met.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on the long-term debt, if any, which is recognized when due; and (2) expenditures are generally not divided between years by the recording of prepaid expenditures.

When both restricted and unrestricted resources are available for use, it is the Council's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus and Basis of Accounting, continued

The Council adheres to the provisions of Government Accounting Standards Board Statement No. 68 "Accounting and Financial Reporting for Pensions" (GASB 68), which requires the Council to report its proportionate share of the actuarially determined net pension liability of defined benefit plans in the statement of net position, in the Council's financial statements. The Council participates in the FRS defined benefit pension plan and the HIS defined benefit plan administered by the Florida Department of Management Services, Division of Retirement.

Non-current Government Assets/Liabilities

GASB 34 requires non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as notes payable and capital leases to be reported in the governmental activities column in the government-wide Statement of Net Position.

<u>Major Funds</u>

The Council reports the following major governmental funds:

The General Fund is the Council's primary operating fund. It accounts for all financial resources of the Council, except those required to be accounted for in another fund.

The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Council accounts for grant proceeds received and grant expenditures incurred in its Special Revenue Fund as well as all contract and other special purpose revenue such as NOPC and DRI fees.

Budgetary Information

The Council has elected to report budgetary comparison of major funds as required supplementary information (RSI).

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investments

The Council adheres to the requirements of Governmental Accounting Standards Board (GASB) Statement Number 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," in which all investments are reported at fair value, with the exception of the Local Government Surplus Funds Investment Pool Trust Fund (State Board of Administration), an external 2a7-like investment pool. The Local Government Surplus Funds Investment Pool Trust Fund's shares are stated at amortized cost (otherwise known as fluctuating net asset value or "NAV"), which approximates fair value.

Investments, including restricted investments (if any), may consist of the State of Florida Local Government Surplus Funds Trust Fund and Certificates of Deposit held at local depositories.

Capital Assets

Capital assets, which include land, buildings, furniture and fixtures, equipment, and vehicles, are reported in the government-wide financial statements in the Statement of Net Position.

The Council follows a capitalization policy which calls for capitalization of all fixed assets that have a cost or donated value of \$1,000 or more and have a useful life in excess of one year.

All capital assets are valued at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date donated. Public domain (infrastructure) capital assets consisting of certain improvements other than building, including curbs, gutters, and drainage systems, are not capitalized, as the Council generally does not acquire such assets. No debt-related interest expense is capitalized as part of capital assets in accordance with GASB Statement Number 34.

Maintenance, repairs, and minor renovations are not capitalized. The acquisition of land and construction projects utilizing resources received from Federal and State agencies are capitalized when the related expenditure is incurred.

Expenditures that materially increase values, change capacities, or extend useful lives

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Capital Assets, continued

are capitalized. Upon sale or retirement, the cost is eliminated from the respective accounts.

Expenditures for capital assets are recorded in the fund statements as current expenditures. However, such expenditures are not reflected as expenditures in the government-wide statements, but rather are capitalized and depreciated.

Depreciable capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset	Years
Improvements Other Than Buildings	7-15
Furniture & Fixtures	7
Equipment	3-10
Vehicles	3

Budgets and Budgetary Accounting

The Council has adopted annual budgets for the General Fund and the Special Revenue Fund.

The Council follows these procedures in establishing budgetary data for the General Fund and Special Revenue Fund.

- During the summer of each year, the Council management submits to the Board a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain public comments.
- 3. The budget is adopted by approval of the Board Members no later than August 15 each year.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Budgets and Budgetary Accounting, continued

- 4. Budgets for the General and Special Revenue Funds are, generally, adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- 5. Budget transfers can be made throughout the year between expenditure accounts by approval of the Board Members. The level of control for appropriations is exercised at the fund level.
- 6. Budget amounts, as shown in these basic financial statements, are as originally adopted or as amended by the Board Members.
- 7. Appropriations lapse at year-end.
- 8. The Board Members approved several budget amendments, in both funds, during the fiscal year ended September 30, 2016. The budget amendments decreased total budgeted expenditures by \$53,879 in the General Fund and increased total budgeted expenditures by \$296,581 in the Special Revenue Fund.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Council because it is at present not necessary to assure effective budgetary control or to facilitate effective cash planning and control.

Compensated Absences

The Council's employees accumulate leave based on various criteria including the number of years of continuous service and job classification.

Leave which is requested and approved prior to the day in which it is taken by the employee (vacation) shall be considered to be scheduled leave. At September 30, any scheduled leave accrued above 160 hours shall be used or forfeited except for the Executive Director which is limited to 200 hours. Any employee who is separated from the Council staff by layoff, resignation, death, disability, or other cause shall be paid for the number of working hours of unused scheduled (vacation) leave accrued, not to exceed 160 hours.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Compensated Absences, continued

Leave not requested/approved prior to the day it is taken (sick time) shall be considered unscheduled. Unscheduled leave may be accumulated to a total of 200 hours. There is no reimbursement for unscheduled leave accrual at the time of an employee's termination from the Council.

Due From Other Governments

No allowances for losses on uncollectible accounts has been recorded since the Council considers all amounts to be fully collectible.

Management Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires the Council to make estimates and assumptions that affect the reported amounts of assets, liabilities, fund equity, and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Net Position

In the government-wide financial statements no net assets have been identified as restricted. Restricted net assets are those net assets that have constraints as to their use externally imposed by creditors, through debt covenants, by grantors, or by law.

Fund Balances

The governmental fund financial statements the Council maintains include nonspendable, assigned, and unassigned fund balances. Nonspendable balances are those that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Criteria include items that are not expected to be converted into cash, for example prepaid expenses and deposits.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fund Balances, continued

The Council's assigned balances are a result of the Council's Board approval of actions prior to October 1, 2015. The Council's intent and policy is to maintain a minimum assigned fund balance level between four (4) to six (6) months of prior year total expenditures. This assigned fund balance will serve as the Council's operational and capital reserve as well as its disaster reserve. At September 30, 2016, the entire fund balance is classified as assigned since the balance is less than the Council's minimum target fund balance. Any use of the fund balance requires the Council's Board approval.

Interfund Transactions

The Council considers interfund receivables (due from other funds) and interfund liabilities (due to other funds) to be loan transactions to and from other funds to cover temporary (three months or less) cash needs. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing funds and as a reduction of expenditures/expenses in the fund that is reimbursed.

Pensions

In the government-wide statement of net position, liabilities are recognized for the Council's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments, (including refunds of employees contributions) are recognized when due and payable in accordance with the benefit terms.

The Council's retirement plans and related amounts are described in a subsequent note.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized an as outflow of resources (expense/expenditure) until then. The deferred amount on pensions is reported in the government-wide statement of net position. The deferred outflows of resources related to pensions are discussed in a subsequent note.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The deferred amount on pensions is reported only in the government-wide statement of net position. A deferred amount on pension results from the difference in the expected and actual amounts of experience, earnings, and contributions. This amount is deferred and amortized over the service life of all employees that are provided with pensions through the pension plan except earnings which are amortized over five to seven years.

Subsequent Events

Subsequent events have been evaluated through April 25, 2017, which is the date the financial statements were available to be issued.

NOTE B - CASH AND CASH EQUIVALENTS

Cash was \$691,932, including cash on hand of \$200 at September 30, 2016.

Deposits

The Council's deposit policy allows deposits to be held in demand deposits and money market accounts. All Council depositories are institutions designated as qualified depositories by the State Treasurer at September 30, 2016.

NOTE B - CASH AND CASH EQUIVALENTS, CONTINUED

Deposits, continued

The Council's deposits consist of the following at September 30, 2016:

		Bank		Carrying		
	Balance		Amount			
Depository Accounts	\$	702,772	\$	691,732		

These deposits were entirely covered by federal depository insurance or by collateral pursuant to the Public Depository Security Act (Florida Statute 280) of the State of Florida. Bank balances approximate market value. Depository accounts are fully insured and/or collateralized.

NOTE C - INVESTMENTS

Florida Statutes and the Council's investment policy authorize investments in the Local Government Surplus Funds Trust Fund (SBA) administered by the State Board of Administration, and certificates of deposit held in financial institutions.

At September 30, 2016, the Council's investments consist of the following:

		Fa	ir Value
			(NAV)/
	Cost	C	Carrying
	 Basis	1	Amount
General Fund			
Local Government Surplus Trust Fund (SBA)			
Fund "A" (Florida PRIME)	\$ 136,302	\$	136,302
Total Investments	\$ 136,302	\$	136,302

The Local Government Surplus Funds Trust Fund (Florida PRIME (formerly Fund "A")) is an external 2a7-like investment pool, administered by the Florida State Board of Administration. The Local Government Surplus Funds Investment Pool Trust Fund is not categorized as it is not evidenced by securities that exist in physical or book entry form. The Local Government Surplus Trust Funds Investment Pool's shares are stated at amortized cost (NAV), which approximates fair value. These

NOTE C - INVESTMENTS, CONTINUED

investments are subject to the risk that the market value of an investment, collateral protecting a deposit or securities underlying a repurchase agreement, will decline. The Council's investment in the Fund represented less than 1% of the Fund's total investments. Investments held in the Fund include, but are not limited to, short-term federal agency obligations, treasury bills, repurchase agreements and commercial paper. These short-term investments are stated at cost, which approximates market. Investment income is recognized as earned and is allocated to participants of the Fund based on their equity participation.

At September 30, 2016, the Council reported SBA investments of \$136,302 fair value/cost for amounts held in Florida PRIME. Florida PRIME carried a credit rating of AAAm by Standard and Poors and had a weighted average days to maturity (WAM) of 50 days at September 30, 2016. The weighted average life (WAL) of Florida PRIME at September 30, 2016 was 70 days. Florida PRIME was not exposed to foreign currency risk during the period October 1, 2015 through September 30, 2016. Rule 2a7 allows funds to use amortized cost to maintain a constant NAV of \$1.00 per share. Accordingly, the District's investment in Florida PRIME is reported at the account balance (pooled shares), which is considered fair value.

The District adopted GASB Statement No. 79 during the year ended September 30, 2016 which requires the following disclosures related to its Florida PRIME investment:

Redemption Gates: Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to a payment at any time from the moneys in the trust fund. However, the Executive Director of the fund may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Executive Director has instituted such measures to review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on the contributions and withdrawals, the moratorium may be

NOTE C - INVESTMENTS, CONTINUED

extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

Liquidity Fees: Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosures in the enrollment materials of the amount and purpose of such fees. At September 30, 2016, no such disclosure has been made.

Redemption Fees: As of September 30, 2016, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Fair Value: The carrying value of cash, cash equivalents, and investments held by the District approximate fair value.

NOTE D - DUE FROM OTHER GOVERNMENTS - GRANTS

General Information about the Florida Retirement System

The Florida Retirement System ("FRS") was created in Chapter 121, Florida Statutes. The FRS was created to provide a defined benefit pension plan ("Pension Plan") for participating public employees. All Council employees are participants in the Statewide Florida Retirement System (FRS) under authority of Article X, Section 14 of the State Constitution and Florida Statutes, Chapters 112 and 121. The FRS was amended in 1998 to add the Deferred Retirement Option Program ("DROP") under the defined benefit plan and amended in 2000 to provide an integrated defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a separate cost-sharing, multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Council are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans (Pension and HIS Plans) and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information dated June 30, 2016, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The Council's total pension expense, \$65,034 for the year ended September 30, 2016, is recorded in the government-wide financial statements. Total Council retirement actual contribution expenditures were \$60,027, \$63,714 and \$101,994 for the years ended September 30, 2016, 2015 and 2014, respectively. The Council contributed 100% of the required contributions.

FRS Pension Plan

Plan Description. The FRS Pension Plan ("Plan") is a cost-sharing, multipleemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

Regular Class - Members of the FRS who do not qualify for membership in the other classes.

Senior Management Service Class (SMSC) - Members in senior management level positions.

Special Risk Class - Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Elected Officials - Members who are elected by the voters within the District boundaries.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for those members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of both Plans (Pension and HIS) may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost of living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee

NOTE J - RETIREMENT PLAN - DEFINED BENEFIT PENSION PLAN, CONTINUED

may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age, and/or years of service, average final compensation, and credit service. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for the members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on retirement plan and/or the class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value of each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	%Value
Regular Class and elected members initially enrolled before July 1, 2011

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on of after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the year ended September 30, 2016 were as follows:

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Pension Plan. At September 30, 2016, the Council reported a net pension liability of \$451,456 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The Council's proportionate share of the net pension liability was based on the Council's 2015-16 fiscal year contributions relative to the total 2015-16 fiscal year contributions of all participating members. At September 30, 2016, the Council's proportionate share was .001787938 percent, which was a decrease of .000670121 percent from its proportionate share measure as of September 30, 2015.

For the year ended September 30, 2016, the Council recognized FRS pension expense of \$50,681. In addition, the Council reported deferred outflows of resources and deferred inflows of resources related to the pension from the following sources at September 30, 2016:

The deferred outflows of resources related to the FRS pension, totaling \$10,575 resulting from Council contributions subsequent to the measurement date, will be recognized as a reduction on the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense over the remaining service period of 6.4 years as follows:

Actuarial Assumptions. The total pension liability in the July 1, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Real payroll growth	0.65 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	7.60 percent, net of pension plan
	investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability was 7.60 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

HIS Plan

Plan Description. The Health Insurance Subsidy Plan ("HIS Plan") is a cost-sharing, multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the year ended September 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the year ended September 30, 2016, the contribution rate ranged between 1.66 percent and 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The Council contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the HIS Plan. At September 30, 2016, the Council reported a HIS net pension liability of \$183,372 for its proportionate share of the net HIS Plan's net pension liability. The net pension liability was measured as of September 30, 2016, and the total pension liability was used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The Council's proportionate share of the net HIS liability was based on the District's 2015-16 fiscal year contributions relative to the total 2015-16 fiscal

year contributions of all participating members. At September 30, 2016, the Council's proportionate share was .001573392 percent, which was an decrease of .000860762 percent from its proportionate share measured as of September 30, 2015.

For the fiscal year ended September 30, 2016, the Council recognized HIS expense (income) of \$14,353. In addition, the Council reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		Deferred Inflows	
Description	of Resources		of Resources

The deferred outflows of resources related to HIS, totaling \$1,695, resulting from Council contributions subsequent to the measurement date, will be recognized as a reduction on the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense of the remaining service period of 7.2 years as follows:

Actuarial Assumptions. The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Real Payroll Growth	0.65 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	2.85 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

Because the HIS Plan is funded on a pay-as-you-go basis, no experience study has been completed for this plan.

Discount Rate. The discount rate used to measure the total HIS liability was reduced from 3.80 percent to 2.85 percent. In general, the discount rate for calculating the total HIS liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Council employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.) as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2015-16 fiscal year were as follows:

		Percent of Gross Salary*

FRS - Defined Contribution Pension Plan, continued

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5 year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Council.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Council's Investment Plan pension expense totaled \$36,598 for the fiscal year ended September 30, 2016.

<u>Payables to the Investment Plan</u>. At September 30, 2016, the Council reported a payable of \$0 for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2016.

NOTE K - COMMITMENTS/CONTINGENCIES

Grants

The Council is currently receiving, and has received in the past, grants which are subject to special compliance audits by the grantor agency. The grantor agency may at times disallow expenditure amounts associated with a contract based on the outcome of an audit. These amounts would constitute a contingent liability of the Council. The Council has not, as of September 30, 2016, been notified of any existing contingent liabilities related to prior grants or the grants currently in process. The Council has not had any special compliance audits conducted by grantor agencies or any disallowed costs during the year ended September 30, 2016. The management of the Council does not believe contingent liabilities, if any exist, to be material.

NOTE L - ECONOMIC DEPENDENCE

The Council's operations are substantially dependent on the receipt of revenue from grantor and contract agencies. Loss of these funds and/or large decreases in this type of funding would have a material effect on the financial position of the Council and a negative impact on overall operations. For the fiscal year ended September 30, 2016, approximately 53% of total revenue is attributable to funds received from grantor and contract agencies.

NOTE M - INDIRECT EXPENDITURES

Indirect expenditures (including indirect and fringe benefit costs) based upon a fixed preapproved rate allocated to the Special Revenue Fund during the year ended September 30, 2016, consist of the following:

	 Amount
Personnel services:	
Salaries and fringe benefits	\$ 58,858
Operating expenditures	27,035
Debt service	 21,292
Total indirect expenditures	\$ 107,185

NOTE N - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB)

The Council's defined benefit OPEB Plan provides the opportunity to obtain insurance (health, dental, and vision) benefits to its retired employees. The year ended September 30, 2010, was the Council's transition year. As such, the Council implemented GASB No. 45 on a prospective basis. All retired full-time employees are eligible for OPEB benefits if actively employed by the Council immediately before retirement. As of September 30, 2016, there were zero (0) retirees receiving these benefits. The benefits are provided both with and without contractual agreements. The Council's OPEB policy provides the opportunity for qualified retirees (pre-medicare qualified retirees) the opportunity to purchase health, dental, and vision insurance coverage similar to active full-time employees. As such, the qualified retiree is responsible for 100% of the cost of coverage selected. The Council simply acts as agent for the retiree and submits the premiums paid by the retiree. The Council pays for no portion of the retiree insurance coverage. The Council finances the benefits on a pay-as-you-go basis and recognizes retiree reimbursement of premiums as revenue and the offsetting expenditures at the time the premiums are due.

Funding Policy

The Council's OPEB benefits are unfunded. The Council has not determined if a separate trust fund or equivalent arrangement will be established into which the Council would make contributions to advance-fund the obligation. Therefore, no separate financial statement is issued. All required disclosures are presented herein. The Council obtained an actuarial valuation for OPEB Plan to measure the current year's subsidies and project these subsidies into the future, making an allocation of that cost to different years. The following schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

*The Council did not make the expected cash payments of \$6,158, \$6,888, \$6,888 or \$5,309 during the years ended September 30, 2013, 2014, 2015 and 2016, respectively because the Council had no retiree participants. Therefore, the actual Net

OPEB obligation was \$59,864, \$61,797, \$61,797, and \$65,074 at September 30, 2013, 2014, 2015 and 2016, respectively.

NOTE N - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB), CONTINUED

Annual OPEB Cost and Net OPEB Obligation

The annual OPEB cost is the amount that was expensed in the current year. Since the Council's plan is unfunded, the offset to that expense comes from subsidies paid on behalf of the current retirees and their dependents for the current year. This offset is called the expected cash payment. The cumulative difference between the annual OPEB cost for the year and the expected cash payment is called the net OPEB obligation (NOO). The net OPEB obligation is reflected as a liability in the Statement of Net Position. The following table shows the components of the Council's annual OPEB cost for the year and the net OPEB obligation.

Fiscal year ended September 30, 2016	Amount		
Annual required contribution (ARC)	\$	8,119	
Less NOO amortization		(2,005)	
Plus interest on NOO		2,472	
Annual OPEB cost		8,586	
Expected cash payment (projected)*		(5,309)	
Yearly change in OPEB obligation		3,277	
Net OPEB obligation - beginning of year		61,797	
Net OPEB obligation - end of year	\$	65,074	

*The Council did not make the expected cash payment of \$5,309 during the year ended September 30, 2016 since the Council had no retiree participants. Therefore, the actual Net OPEB obligation is \$65,074.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trend. Amounts determined regarding the funding status of a plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

NOTE N - POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB), CONTINUED

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members. The actual methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial valuation of assets, consistent with the long-term perspective of the calculations.

In the October 1, 2011 actuarial valuation, the entry age normal (level % of pay) actuarial cost method with linear pro-ration to assumed benefit commencement was used. The actuarial assumptions included a 4.0 percent investment rate of return. Since there are no invested plan assets held in trust to finance the OPEB obligations, the investment return discount rate of 4% is the long-term expectation of investment return on assets held in Council funds pursuant to its investment policy. The assumptions also included an annual healthcare cost inflation rate trending to 8% (pre-medicare and post-medicare) in 2016, 8.75% in 2017, and grading down to the ultimate trend rate of 4.00% in 2073. The unfunded actuarial accrued liability, as calculated, is being amortized over a closed amortization period of 30 years using the level dollar amortization method. The assumed rate of payroll growth is 0.0 percent. The assumed rate of inflation is 0.0 percent. The mortality rate table used is RP-2000.

NOTE O - RISK MANAGEMENT

The Council is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees, and natural disasters.

Insurance programs for general/professional liability, automobile, and property are through commercial insurance carriers. The Council retains the risk of loss, on insured claims, up to a deductible amount (depending on the type of loss) with the risk of loss in excess of this amount transferred to the insurance carrier. The Council is third party insured for employee health as well as workers' compensation. There were no claims paid in excess of insurance coverage during the past three (3) fiscal years.

NOTE P - FUND BALANCE

Fund balance was classified for the following purposes at September 30, 2016:

Nonspendable fund balance - General Fund	 Amount		
Deposits	\$ 6,381		
	\$ 6,381		
Assigned fund balance - General Fund	 Amount		
Operating reserves	\$ 805,398		
	\$ 805,398		

NOTE Q - SUBSEQUENT EVENT

Subsequent to the year ended September 30, 2016, the Council was informed by Sarasota and Lee Counties of their respective intent to withdraw financial support from the Council in the future. The Council estimates the financial effect of such withdrawal to be approximately \$200,000 annually. The Council intends to seek legal review of this issue.

SOUTHWEST FLORIDA REGIONAL PLANNING COUNCIL NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION September 30, 2016

Changes of Assumptions

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2014 for the period July 1, 2008, through June 30, 2013. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 7.60%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 2.85% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables.

Florida Retirement System Pension Plan

There were changes in actuarial assumptions. As of June 30, 2016, the inflation rate assumption remained at 2.6 percent, the real payroll growth assumption was 0.65 percent, and the overall payroll growth rate assumption remained at 3.25 percent. The long-term expected rate of return was reduced from 7.65 percent to 7.60 percent.

Health Insurance Subsidy Pension Plan

The municipal rate used to determine total pension liability decreased from 3.80 percent to 2.85 percent.

SOUTHWEST FLORIDA REGIONAL PLANNING COUNCIL NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION September 30, 2016

Pension Expense and Deferred Outflows/Inflows of Resources

In accordance with GASB 68, paragraphs 54 and 71, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors - amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes of assumptions or other inputs amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes in proportion and differences between contributions and proportionate share of contributions amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Differences between expected and actual earnings on pension plan investments - amortized over five years

Employer contributions to the pension plans from employers are not included in collective pension expense. However, employee contributions are used to reduce pension expense.

The average expected remaining service life of all employees provided with pensions through the pension plans at June 30, 2016, was increased from 6.3 years to 6.4 years for FRS and 7.2 years for HIS.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Executive Committee and Council Members Southwest Florida Regional Planning Council 1400 Colonial Blvd., Suite 1 Fort Myers, Florida 33907

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing</u> <u>Standards</u>, issued by the Comptroller General of the United States of America, the basic financial statements of the governmental activities and each major fund of Southwest Florida Regional Planning Council (the "Council") as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents and have issued our report thereon April 25, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Council's financial statements will not be prevented, or detected and

corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined previously. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwest Florida Regional Planning Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

Executive Committee and Council Members Southwest Florida Regional Planning Council 1400 Colonial Blvd., Suite 1 Fort Myers, Florida 33907

We have examined Southwest Florida Regional Planning Council's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2016. Management is responsible for Southwest Florida Regional Planning Council's compliance with those requirements. Our responsibility is to express an opinion on Southwest Florida Regional Planning Council's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Southwest Florida Regional Planning Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Southwest Florida Regional Planning Council's compliance with specified requirements.

In our opinion, Southwest Florida Regional Planning Council complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2016.

This report is intended solely for the information and use of the Southwest Florida Regional Planning Council and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT TO MANAGEMENT

Executive Committee and Council Members Southwest Florida Regional Planning Council 1400 Colonial Blvd., Suite 1 Fort Myers, Florida 33907

We have audited the accompanying basic financial statements of Southwest Florida Regional Planning Council (the "Council") as of and for the year ended September 30, 2016 and have issued our report thereon dated April 25, 2017.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States of America and Chapter 10.550, Rules of the Florida Auditor General. We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of the Financial Statements Performed in Accordance with <u>Government Auditing Standards</u> and Chapter 10.550, Rules of the Florida Auditor General. Disclosures in these reports, which are dated April 25, 2017, should be considered in conjunction with this report to management.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter included the following information, which is not included in the aforementioned auditor's reports:

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no financially significant prior year comments.
- Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. No such recommendations were noted to improve financial management.

- Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in the management letter, unless disclosed in the notes to the financial statements. The Council discloses this information in the notes to the financial statements.
- Section 10.554(1)(i)5.a., Rules of the Auditor General, requires a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that this item is not applicable to the Council.
- Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the Council for the fiscal year ended September 30, 2016, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a) Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2016. In connection with our audit, we determined that these two reports were in agreement.
- Pursuant to Sections 10.554(1)(i)5.c. and 10.556(7), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Council's financial condition. However, we determined this item is not applicable to the Council.
- Pursuant to Section 10.554(1)(i)5.d., Rules of the Auditor General, requires a statement indicating a failure, if any, of a component unit Special District to provide financial information necessary to a proper reporting of the component unit within the audited financial statements of this entity (F.S. Section 218.39(3)(b)). There are no known component special districts required to report within these financial statements.
- Section 10.556(10)(a), Rules of the Auditor General, requires that the scope of our audit to determine the Council's compliance with the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the Council complied with Section 218.415, Florida Statutes as reported in our Independent Accountant's Report on Compliance with Section 218.415, Florida Statutes April 25, 2017, included herein.
