Ms. Wuerstle explained that this item was requested by Commissioner McDaniel, which is strictly for informational purposes.

**AGENDA ITEM #8(a)**  
**ORGANIZATION STRUCTURE DISCUSSION**

Commissioner McDaniel stated that he would like to hear from Margaret what the plan is as an organization. Commissioner McDaniel stated that there is a disconnect between this organization and its members. Commissioner McDaniel continued that he would like to know what we, as this organization, are going to do to remedy the situation. Commissioner McDaniel continues that he believes that without proper leadership, we will not be able to do anything with this organization. Commissioner McDaniel posed the question asking if we can force the reorganization with a letter to the Governor to allow us to update the constitution, bylaws and interlocal agreement? The hopes of voluntary reorganization with sufficient support is dwindling and the uphill battle is getting steeper. Commissioner McDaniel asked if we have heard anything from Sarasota? Ms. Wuerstle responded that we have not heard back from Sarasota and explained that the mayor is currently on the phone, however we do not have an invitation to come speak to them. Ms. Wuerstle continued that in response to Commissioner McDaniel's first question we don't need the governor's approval to redo the interlocal agreement or bylaws. Ms. Wuerstle explained that both can be redone, however all the counties will need to sign and approve them.

General discussion continued regarding the reorganization and background of the organization.

**AGENDA ITEM #8(b)**  
**SWFL WORKFORCE DEVELOPMENT CONSORTIUM ILA DISCUSSION**

Commissioner McDaniel didn't know what this item is and did not feel that a discussion was needed.

**AGENDA ITEM #9  
INLAND PORT UPDATE 9(c)**

Ms. Tracy Whirls explained that Port Miami is doing due diligence to create and build an inland port. They are looking at US 27 corridor. Ms. Whirls explained the background on the Port Miami project and funding.

**AGENDA ITEM #9  
SWFRPC BACKGROUND PRESENTATION 9(d)**

Ms. Wuerstle explained that in response to the ongoing question, "What does the RPC do"? this presentation outlines the statutory requirements along with the programs that are funded by federal and state governments. Ms. Wuerstle continued to explain that this presentation provides detailed information on what we do, what we have done and our funding. Ms. Wuerstle went on to explain that she is the primary grant writer for this organization and is responsible for progress reports, deliverables, and closeouts for the grants she works on. Ms. Wuerstle explains that most of her time is spent trying to keep this organization operational because the reserves are going down quickly, and we wouldn't survive without grants. Ms. Wuerstle explained that even when the RPC was funded by the assessments, we always needed grants to supplement revenue. However, we have downsized tremendously and now if the counties were paying their assessments, we would not need grants to cover deficits in revenue. Ms. Wuerstle explained that the SWFRPC could use an environmental planner and a grant writer or a transportation planner, but right now we cannot afford those positions.

**AGENDA ITEM #9  
GRANT ACTIVITY SHEET 9(e)**

Ms. Wuerstle explained that this grant activity sheet is always included in the packet. She stated that the sheet shows what we have submitted, what was denied and what was approved. Ms. Wuerstle highlighted that in the promise zone, there has been \$4.7 million dollars awarded in grants, \$16.4 million dollars pending in grants, and we were denied \$9.9 million. Ms. Wuerstle explained that she hopes that this shows the amount of work it takes to submit these applications and administer them.

Councilman Purdon expressed that once the organization gets all its ducks in a row, he recommends that the first position that needs to be hired is a grant writer. The ROI on a grant writer position can pay for itself. That way the Executive Director can focus on other important issues.
