"The sea, the great unifier, is man's only hope.

Now, as never before, the old phrase has  
a literal meaning:

**we are all in the same boat."**

**In chaos theory, the butterfly effect is the sensitive dependence on initial conditions in which a small change in one state of a deterministic nonlinear system can result in large differences in a later state**

**Any difference in initial conditions no matter how tiny**

**The Butterfly Effect** is the idea that one small effect could have large consequences.

“For most of history, man has had to fight nature to survive; in this century he is beginning to realize that, in order to survive, he must protect it.” ... J. Cousteau

Water and air, the two essential fluids on which all life depends, have become global garbage cans.

Jacques Yves Cousteau

**We forget that the water cycle and the life cycle are one.**
